Guidance and Instruction
DISPOSITION OF ITEMS CONTAINING ASC WHETLERITE CHARCOAL

1. ASC whetlerite charcoal is considered to be a hazardous waste.
2. The Defense Reutilization and Marketing Office (DRMO) will accept items which contain ASC whetlerite charcoal, specifically chemical protection equipment. These items will be accepted only under the following conditions:
 - a. Filters, canisters, and filter systems must be turned in under EPA waste code chromium D007, under valid NSNs. No LSN's or non-standard stock numbers will be accepted under any conditions.
 - b. All items will be packaged so as to preclude contents from getting wet or leaking. Specifically, filters will be repacked in sealed drums.
 - c. Large filters (shelter, hospital, etc.) which cannot be placed in drums will have all inlet and outlet ports sealed. If damaged/broken, the entire filter will be sealed in plastic wrap, to a thickness of 6.0 mil minimum, and will only be accepted in place.
 - d. No end items (protective masks, shelters, vehicles, etc.) will be accepted with filters, canisters, or filter systems attached.
